

# International Symposium of Advanced Lithium Batteries for Automobile Applications ABAA 12

6 - 9 October 2019 • Ulm, Germany

## Reminder Call for Abstracts

Dear Participants, dear Colleagues and dear Friends,

Thanks to all who already submitted an abstract for the International Symposium of Advanced Lithium Batteries for Automobile Applications ABAA 12.

Please keep in mind that **the abstract deadline is extended until 28 July 2019**.

Join us in October 2019 in Ulm, Germany.

**Be part of the programme and submit your abstract now!**

This conference brings together high-level policy makers from Europe, USA, China, Japan and Korea, as well as representatives from the automotive industry, battery manufacturers, material providers, and world-renowned scientists from academia.

Meet our excellent invited speakers and benefit from their experience. Discuss your work with leading experts.

The submission system, uploading instructions and further information can be found online.

For all information concerning your registration to the symposium please visit our homepage.

[> Registration](#)

We would also be pleased if you could actively support the conference financially. Please have a look at the sponsorship documents.

[> Sponsoring Manual](#)

If you have any questions or booking requests, please do not hesitate to contact the organising agency Conventus at any time.

We are looking very much forward to meeting you at ABAA 12.

Best regards

Prof. Dr. Stefano Passerini & Dr. Margret Wohlfahrt-Mehrens  
Conference chairs

PS: Share it – Inform your colleagues about the conference!
